

Granite State Manufacturing (GSM) delivers completely assembled systems and subsystems for most of our customers. Our reconfigurable assembly areas and highly cross-trained staff enable rapid adaptation to meet our clients' needs from prototyping to Limited Rate Initial Production (LRIP) through full rate production. Complex electromechanical assemblies are delivered in a cost and schedule optimized manner as our planners match the right combination of in-house skills and sourced components.

Capabilities and Facilities

- Certified Soldering to IPC-A-610, J-STD-001, IPC-7711, IPC/WHMA-A-620
- ESD-safe
- Electro-Mechanical Assembly
- Subsystem Assembly & Integration
- 2,000 sq ft High Bay & Clean Room Assembly Area
- 8,000 sq ft Clean Assembly Area
- 5,000 sq ft Refurbishment & Assembly Area
- 4,000 sq ft LRIP Assembly Area
- 16,000 sq ft High Bay Assembly Area with 5 Ton Overhead Crane
- Class 1000 Clean Room
